## The Soul Profile

*You have been a Being of Light, always.*

*Your Soul Name is Ywarty*

### INCARNATION ON EARTH

**~ You have incarnated 136 times  
124 times as female, 12 times as male ~**

### GENDER OF SOUL

Most souls are comfortable incarnating as a male or as a female. They most often incarnate in the gender of soul they are most comfortable in, yet, to realize their intended life lessons and contracts, may well have lifetimes where they have incarnated with a specific purpose that is best suited to the opposite gender.

**~ You are a female soul ~**

### SOUL CALIBRATION

**Your Soul calibrates 473** according to The Map of The Scale of Consciousness by Dr. David Hawkins. (The Map and the explanation will be found at the end of this Report)

### EMPATHY CALIBRATION 93%

### THE DIVINE ENERGY REALM

There are 7 Archangel Realms.  
Archangel Michael, Archangel Gabriel, Archangel Raphael, Archangel Auriel,  
Archangel Kamiel, Archangel Zadkiel, Archangel Zophkiel

**~ You are in the training in the Realm of Archangel Gabriel,  
~ also in the Realm of Archangel Zadkiel**

You may be trained with other Archangel next time, or you may stay with Archangel Gabriel and/or Zadkiel. It is not for us to know at this time.

### Archangel Gabriel's Realm

Sound, vibration, communication  
The Element of Water  
The direction – West  
The Throat Chakra

Individuals whose soul training is in this realm are often teachers, musicians, or vibrational healers. Powerful communicators and teachers when expressing their true natures, they often desire to impart information to many people.

A major challenge for this group is in the right use of judgment and not becoming overly self-critical and judgmental.

A soul who is trained in Gabriel's realm, when on their path, will definitely be in a role as a pioneer or teacher, offering something through education.

Quite outspoken and opinionated, those trained in this realm do well working for themselves. Often they are too outspoken as employees.

### Archangel Zadkiel's Realm

Creative Visualization and Manifestation into the Earth Plane-Matter, Growth & Birth  
The Direction – above and 45 degrees to the left  
The Sacral (2<sup>nd</sup>) Chakra

This is the realm that teaches us how to manifest into the physical plane our dreams, visions, needs and desires. Architects, builders and midwives demonstrate the energy of this realm of birth, matter, and growth.

Often those in this realm manifest so easily, they can be embarrassed by their ability to do so, in the face of so many that seem unable to manifest what they desire.

Most spiritual beings need help from this realm, having been indoctrinated into the misbelief system that we are meant to be poor on earth and find our riches in heaven (a disruptive distortion that manifests conditions like poverty and slavery).

Through this realm, we can learn to release this limitation, and manifest our true nature, which is to be abundant here on Earth.

## SOUL GROUP

### **~ You are Mintakan ~**

Arrived in Soul Ship 1:

In 276,680 BC, 558,347 souls arrived within the Earth's energetic field from Super universe 7, the planet Artuvia, which revolved around the star Mintaka, the third star up to the right in Orion's belt. These were 4<sup>th</sup> dimensional souls, coming from a star system that remained completely loyal to the light during the Lucifer Rebellion.

Mintakans are focused in the light as the only choice, with no seeming comprehension that there can be dark choices. They do not understand negativity or its option as a choice. They are very comfortable with water and the ocean.

## COLOUR RAYS

### **Colour Rays**

We are essentially composed of vibrational energy, the frequencies of light and sound. Light is refracted into color rays, and as we come into our incarnation, moving from the white light of spirit into the physical, we choose the strength and lessons of our lifetime. How do we unlock those mysteries?

One way is revealed through the color rays. Wearing a necklace of gemstone spheres made with the Strength and Lesson Rays is a powerful, comprehensive gemstone therapy. Gemstone elixirs can also be used in this way.

### **Strength (Incarnation) Ray**

The Strength Ray, often the same as the Incarnation Ray, brings out a person's skills and special talents in this lifetime. Wearing the strength ray gemstone brings in and balances all the other color rays in a way specific to the wearer, enhancing health and well-being on the physical, then emotional, then mental, and spiritual levels.

#### **~ Your Strength Ray is Blue ~**

Mental discrimination, and knowing that the Self is separate from the mind are keys to success. Using the mind is creative and healing. When the mind and thoughts are inspired by spirit, this is the absolute best. The blue ray is very healing for the mental body. New programming is created – thoughts are creative and curative. The blue ray is a foundation fabric on which the subtle bodies are built. Concentrated in the Throat Chakra, the blue ray strengthens the expression of free choice and free will.

**Gemstone : Blue Sapphire**

### **Life Lesson Color Ray**

The life lesson ray represents the challenges a soul has selected for this incarnation. Often defined as problems or weaknesses, it is helpful to recognize that souls often incarnate in part to work something out that is interesting and challenging.

There will be a lack of this color ray in the frequency of the physical and subtle bodies. One way to help resolve challenges is to wear the gemstone that carries this ray.

#### **~ Your Lesson Ray was Red for this lifetime ~**

Life lessons are likely to revolve around emotions – perhaps excessive or inhibited emotional expression. There may be a tendency to refuse to see things, to be blind to the obvious, stuck in a particular viewpoint. Physically, muscular issues may need attention. There is also a passionate quality to ideas, the thrill of the new idea, yet moving on to the next before completing the last. Red is also the color that is most associated with the 1<sup>st</sup> or Root chakra. In addition to the organs and physical aspects around this chakra, the energy of vitality, connection to Earth, to tribe, to ancestors, to our birth family, is also key. The red ray is the ray of divine love.

**Gemstone : Ruby**

### **WHITE LIGHT**

White lights can be envisioned as star-like beings that look like balls of energy spinning around the upper chakras – 10<sup>th</sup>, 11<sup>th</sup> and 12<sup>th</sup>.

**~ You have earned 33 White Lights ~**

### **BLUE LIGHT**

After 30 White Lights have been earned, one begins to earn Blue Lights. Known as messengers of Creator Energy, Blue Lights will carry messages and assist you in communicating with your guides, masters and other higher realms of existence.

**~ You have earned 1 Blue Light**

### **BLESSINGS**

First Blessing:

The Melchizedek Priesthood places this blessing in the keyway of a being's heart chakra. Most souls already have this blessing. Souls, which have turned to the dark, have a keyway that is clouded with tar, which must be removed in order to receive this blessing. If you are a member of the Melchizedek Priesthood, you may provide this blessing.

Second Blessing – This is a special blessing which given by one's Spiritual Council, work one has performed in the Light. It is after receiving the 2<sup>nd</sup> Blessing that one begins to earn Blue Lights.

**~ You have received the 1<sup>st</sup> Blessing ~**

## MEMBERSHIP AND TRAINING AT THE SOUL LEVEL

### The Great White Brotherhood

It is comprised of Angels, Ascended Beings, and human beings who work with us and through us for the assistance and enhancement of all life on Earth.

It is with the help of the Great White Brotherhood that we are able to intercede and help individuals through clearing work and placement of shields.

The word "white" refers to the white light, and has nothing to do with race or color of individuals.

### The Great White Sisterhood

It is the House of the Goddess and all related houses of the sacred feminine.

### Melchizedek Priesthood

This is a group that has training and works with a healing and blessing energy. Attunement work uses this energy.

**~ You are a member of  
The Great White Sisterhood and Melchizedek  
Priesthood ~**

### The 3rd Order

Those trained in the 3<sup>rd</sup> Order have a special interest in assisting souls in transition, both those coming into the Earth plane at birth, and those leaving at the time of "death." Soul transportation is sometimes interfered with by negative energies, and a soul may require special 3<sup>rd</sup> order assistance to attain the astral plane justly earned.

This is an example of a prayer request for this soul assistance.

*Creator of All Beings (x3)*

*Archangel Michael (x3)*

*Brotherhood of the 3<sup>rd</sup> Order (x3)*

*Please provide a Third Order Escort for (name or description) and take (him or her) to the Astral Plane (he or she) has justly earned.*

*Thank you (x3)*

### The 4<sup>th</sup> Order

Those trained in the 4<sup>th</sup> Order assist others in understanding and integrating their soul's purpose. Often they work with a soul just after he or she has left the physical incarnation and entered an astral plane. These teachers help us to raise our paths further into the Light, and into the next level where we need assistance. The soul can then comprehend the intended plan and purpose, and what still needs to be achieved.

**~ You are trained in the 3<sup>rd</sup> and 4<sup>th</sup> Order ~**

### Mission Group led by Archangel Gabriel

Some souls in the Training Realm of Archangel Gabriel are assigned to this Mission Group.

**~ You are a member of this Mission ~**

### Mission Group led by Archangel Zadkiel

Some souls in the Training Realm of Archangel Zadkiel are assigned to this Mission Group.

**~ You are a member of this Mission ~**

## SIGNIFICANT SOUL CONTRACT AND AGREEMENT

There are many types of contracts and agreements that we form before incarnating for our next lifetime. We agree to take on our particular parents, siblings, partners, work in life ...many things.

### Healing Contract:

In a Healing Contract, there is the healer and the one or many that receive healing. It is natural to gravitate toward interests and professions that range from nurses and doctors, chiropractors, massage therapists, yoga instructors, musicians, dancers, writers, herbalists, workers in health food stores, organic farmers, and so forth, as well as to provide healing energy through whatever you do in your life. The result of the work is healing to others on the levels of body, mind, and spirit, the whole person. A healer expresses the reality of spirit and is open to that powerful dimension. Out of balance, a healing contract can look like enabling and co-dependence, where people seem to be locked in a situation where healing never takes place, just the constant need for healing.

**~ You had sworn to a Healing Contract at Atlantean time ~**

### Grey Contract

This is a contract in which an individual has agreed to help another, *no matter what*. Essentially, this is a one sided contract. The one fulfilling the contract has come forward, most likely in a past life situation, where he has seen someone in desperate need of help. Often those who would normally be expected to step forward and help the individual do not do so. He tells this soul that he will help, no matter what, and the other soul says: "O-okay." These are very unbalanced contracts. Perhaps they are workable in a parent / child relationship, but they are very difficult in relationships such as friendships or marriages. If one is fulfilling a grey contract, he often finds himself giving and giving and giving...and never receiving anything, even acknowledgement of his help, in return. On the receiving end, an individual may simply expect that the contracted partner will simply help him without end, sitting back and doing nothing. Often these relationships look parasitic. This is a good contract to look at closely, make sure that it has been fulfilled, and then sever the contract.

**~ You were the receiver of Grey Contract from your sister ~**

She had fulfilled the contract.

### Counterpart Agreement

These are agreements between souls for serious relationships, such as marriage.

**~ You had no Counterpart Agreement ~**

This does not mean you did not have any relationship. Free will and free choice is the fundamental law in Light.

### Parenting Agreement

**~ You had no Parenting Agreements ~**

### GODSPARK(S)

These resemble super chakra locations that are like surge energy voltage, and you are giving and receiving energy and information through the Akashic Field and the Source of life. Every individual has one Godspark.

The first Godspark is located in the keyway to their heart, and is the spark of the Creator love that gives the individual life in Light.

A second Godspark may be activated in the Brow Chakra, the Third Eye, and this indicates developing intuitive ability.

There are those who may have a 3<sup>rd</sup> Godspark, or even more as they evolve further in spirit.

If the first Godspark is tarred over through mingling with the dark, it may not be possible to see the Light from which they were created. The second Godspark may be present, but veiled, resulting in the idea that there is no intuition, or that the ability to access it is absent.

**~ You had 4 Godsparks ~**

Keyway to the Heart, 3<sup>rd</sup> Eye, Thymus Gland, in the centre of Right Hand Palm

### **SPIRIT GUIDE(S)**

**~ You had 7 Spirit Guides for this lifetime ~**

The most important guide for you for this lifetime is Ascended Master Lady Kwan Yin.

### **DIVINE COMPLIMENT**

One's Divine Compliment is that perfect one that compliments an individual in life. This is the soul mate, or twin flame, with which one's soul was born at the moment of your first creation. The relationship is also seen as the splitting of the first atom that is you as an incarnation of soul, and the two beings that come from that moment. The encounter with one's own Divine Compliment on the earth is a powerful and profound experience.

**~ Your Divine Compliment was not in Incarnation ~**

**~ You incarnated 53 times with your Divine Compliment ~**

### **PAST LIFE VOWS TO GOD** that need be rescinded?

These vows could have made by the pledge to Poverty, Obedience, Chastity and/or Silence.

**~ You have no Past Life Vows To God ~**

## **SUFFUSING YOUR SOUL WITH LIGHT**

*Please know that a Prayer Request was sent to Archangel Metatron and accepted that your soul be suffused with Divine Light, and blessed in Love and Truth.*

### **SHIELDS**

A shield is an energy vibration surrounding us that keeps the physical and subtle bodies protected in sacred space, keeping out lower consciousness. A full shield consists of 7 layers and is measured about 14 inches thick, of an impervious, strong Light substance.

An individual earns shields through work in the Light. Through this Soul Clearing Work, once the clearing is complete, an individual is given 7 full shields for their blessing and protection. As long as a being has at least some increment of shielding, negative energies cannot attach to their energy centers. If a breach occurs and no shields are present, there is a vulnerability of the actual energy centers to disruption by lower consciousness. This can manifest at the physical level as illness, crisis or traumatic experience.

**~ You had 5.5 shields at the time of your transition ~**

### **BREACHES OF THE SHIELDS**

**~ You had 2 Breaches in this lifetime ~**

In 1973 and 2003

**~ 4 disruptive entities were found attached to the chakras,  
5 disruptive entities were found stalking outside the shield at the  
time of the transition~**

## DISRUPTIVE ENTITIES

Disruptive entities interfere in our experiences, making life more difficult.

There can be obsessive compulsions due to these interferences, as well as anxiety and confusion. Many disruptive entities are partial souls, parts of souls that have become separated from an entire Soul, often at the point of the death of the physical body, when a Soul can be vulnerable to interferences on the journey to the appropriate heaven world or astral plane.

This is where the 3<sup>rd</sup> Order Training is so helpful.

The ancient Polynesian shamans of the Huna tradition, as well as other ancient shamanic teachings, describe the Soul as having three parts: a lower, middle and higher Self, and when incarnated into a human body, the three parts of the Soul are intertwined with the lower, middle, and higher self of the human being.

In Western science, the lower (subconscious or unconscious) and middle (conscious) aspects of the human being are acknowledged, while the higher self is relegated to the status of superstition and is claimed to not be real. This obviously causes many dysfunctions in Western culture, as it misses a major part of what has been known to be real for hundreds of thousands of years, as passed on from generation to generation in all other cultures.

When the three aspects of a Soul experience a separation, for example, if a lower or middle part of the Soul is separated and lost, it can easily become influenced and take on very low levels of consciousness. These levels are described by calibrations below 200 on **Dr. David Hawkins' Map of the Scale of Consciousness**. (Explanation will be found at the end of this Report.) These partial souls are also easily manipulated by disruptive energies that intend to interfere with love, light and truth for their own purposes. Partial souls can also become ghosts and poltergeists. When they are within the Earth energy field, they may fixate on human beings for the purpose of gaining increased life force energy.

Through your Soul Clearing, the disruptive entities that were interfering with you have been removed and escorted by Angelic Beings to their correct place of evolution in the light, where they will be reminded that they can connect directly to Source, to Light, and they are likely to be reconnected to their missing parts. In this way, if the Soul is reunited as a lower, middle, and higher Self, the Soul may again evolve.

Disruption by entities can occur in our lives for a number of reasons. Often, when we experience a shock or disturbance, and temporarily react with a lower level of consciousness, such as fear, anger, or anxiety, these chaotic energies will attract entities that mirror the same energy and feed off of the chaos. They may linger in an effort to continue to trigger similar reactions in us. We can also be disturbed by these energies in relationship to the company we keep.

## TEAR AND SCAR ON THE GOLDEN WEB

**Golden Web** is the outermost layer of the subtle bodies. It looks like a weaving of glowing golden threads. When a breach occurs, disruptive entities can make tears to move into the Golden Web and feed off the light or life force energy. They generally do this by attaching to the chakras.

When the shields grow back the tears will close up. The entities might move out of the web but leave the scars. They may stalk outside the shields.

**~ You had 11 Tears and 29 Scars at the time of the transition ~**

**Affected Chakras (energy drawn)**

**At 7<sup>th</sup> Chakra – Divine Energy**

**At the front of 5<sup>th</sup> Chakra – Voice, Expression of Will**

**At the back of 5<sup>th</sup> Chakra – Ability to act and exert your own will, rather than control others, or be controlled by others.**

**At the front of 3<sup>rd</sup> Chakra – Self-esteem, Feelings and Relationship with oneself**

**At the back of 3<sup>rd</sup> Chakra – How one is taking care of his or her Personal Health.**

## ANGER SPEAR(S)

Extremely strong anger thought forms can appear in the aura like molten rods. This is a situation where great anger was experienced.

**~ No Anger Spears were found ~**

## OBJECTS ON EARTH DIRECTING NEGATIVITY

**~ No objects on earth were directing negativity at you ~**

## CRYSTALS IN THE UNIVERSE

~ No Crystal Device was targeted at you in this lifetime ~

## PHYSICAL OR ETHERIC IMPLANTS

~ No Implants were found ~

## Compassionate Connection with Disruptive Soul

A compassionate connection is a very strong bond that a positive soul has with a disruptive soul. This connection draws the positive soul off his/her soul path and purpose into an energy-draining vortex. The soul is acting out of misplaced and distorted compassion.

~ You Soul has no Compassionate Connection with any Disruptive Soul

## EARTH BOUND SOUL CALLING

An Earthbound Soul is the soul of a human being that has died, but then has not transitioned on to the Astral Planes, and instead is trapped in the Earth plane. This is very disturbing for the soul that is stuck, and draining on those who supply the life force energy for him/her to be here.

~ No Earth Bound Soul was calling you ~

## EVER BEEN TRAPPED OR TRAVELLING TO NEGATIVE ASTRAL PLANES?

~ You have never been trapped or travelled to negative astral plane.

## NEGATIVE PORTALWAY OPEN IN THE SUBCONSCIOUS MIND

~ No Negative Portalway was found in the subconscious mind ~

## DISTORTED SELF IMAGE CREATED

~ You had 12% Distorted Self-Image imposed by others ~

## SOUL MEMORY INTERFERENCE

**~ There was 22% of Soul Memory Interference in this lifetime ~**

This 'clouded' memory had caused the doubt about the Light in yourself.  
Created a distance from your own soul.

## PARTIAL POSSESSION

When an individual has no shields, and entities are attaching into the chakras, s/he may experience his/her soul being pushed from the body, and the entity possessing and acting through the body for temporary periods of time.

The eyes and/or voice may change, and the possessed person will make statements and behave like a completely different person.

**~ There was no attempt at partial possession in this lifetime ~**

## OBSESSING INFLUENCES

Stalking entities and attachments bring obsessing influences. These can appear as negative habits, addictions and other life diminishing behaviors.

## NEGATIVE OR COMPROMISING SPIRIT GUIDE(S)

**~ You did not have any negative or compromising Spirit Guide ~**

## VIRUS ON GOLDEN WEB

A virus is a belief in a misbelief system. It is a blind spot to the conscious mind. The individual may not be aware of it because it is a foundational belief, and it does not come into awareness to be questioned.

**~ No virus was found on Golden Web in this lifetime ~**

## RED FIBERS ON GOLDEN WEB

Red fibers on Golden Web indicate serious compromises where an individual is aware of the soul's choice of action, and instead 'takes an easier way out,' usually to appease someone else.

**~ You had 5 Red Fibers at the time of this Reading ~**

## RED RAY CONNECTION

This occurs when Talker or Stalker entity shows up and offers an exchange. They ask the soul to drop the shields so that they can give you 'something special' : Red Ray Connection. This attacks on the back of the 3<sup>rd</sup> or 4<sup>th</sup> chakra. The ray comes out of a negative realm and can manifest as a traumatic experience in the physical world.

**~ You had no Red Ray connection ~**

## SPELLS / PACTS / BINDINGS

A spell is a magical device designed to interfere with a person's free choice and free will.

A pact is an agreement with a disruptive entity in exchange for some perceived benefit.

A binding attaches a disruptive being to 'do one's bidding.'

**~ You had none of above this lifetime ~**

## VOWS TO NEGATIVE BEINGS

**~ You have no vows to Negative Beings**

## CURSE

Curse could have been placed in the distant past or present time into his/her Soul Group by the Dark Energy Collectives, or by an individual or a group on the earth at present time, or even Self-Inflicted.

**~ No Curses were found at any time in this lifetime ~**

## CLEARING

*Please know that all the negative and disruptive elements diagnosed  
at the time of this Reading are now all removed  
by the force of Angels working in Love and Truth*
