## Akashic Diagnostic and Clearing a Vehicle

**Number Plate : AX XXX XX**

**HONDA CRV**

Known History : 3 previous owners

Accident –current owner injured somebody

Photographs supplied.

The physical material of the car, and the subtle energy of inside the car, and 2 m surrounding space were diagnosed.

Abbreviation :

M = material, I = inside the car, O = outside the car

### **Initial Toxicity**

**M = 26 %                      I = 78 %                      O = 52%**

This indicates the energy disturbance trapped in the material itself, during the process of the manufacturing. The subtle energy inside and the surrounding the car could be disturbed by anybody who was in the car, most obvious being the owners both previous and current, and including the passengers.

### **Anger Spears**

Anger Spears are extremely strong expression of Negative Thought/Emotion that did not fade away.

M = 17

I = 43    13 created by previous owners,

30 by current owner directed at his wife x 23, and x 7 at life in

general

O = 7

## Earthbound Soul

I = 3

This car had been in an accident where people died.

Earthbound Soul is a Soul (either Positive or Negative) who has not made the transition to the intended Astral Plane. They may have refused to leave the move on due to their own reason for the people they left behind, either positively or negatively minded. They may have been in a sudden accident and literally displaced from the Earth Plane and Astral Plane.

Negative Earthbound Soul emanates the toxicity and can augment the stress and the disharmony in the space by latching onto any negative feelings from the people who are there.

These Souls are now met each with the appropriate escort and made their transition.

## Negatively Charged Objects

I = 4

Belong to the current owner

## CURSE

I = 6

Created by the current owner at his wife

## Final Toxicity

6 %
